* Open specialty shows for Akita, Basenji, Beagle, Irish Wolfhounds, Saluki and Whippets in Melbourne

I take this opportunity to thank the Slovak RR club members for the honour of being invited to judge your 25th Anniversary SKCHR specialty show in October 2019. I look forward to adjudicating over your beautiful hounds.

Background: Since Ozrhode's beginnings in 1990, my fundamental priorities when breeding and judging are to seek "true to type" balanced sound functional hounds that epitomize their respective breed standards. In testament to this, our kennels 28 years on remain primarily a highly successful Rhodesian Ridgeback kennel, that diversified in 2003 with the introduction of both Salukis and Whippets. Subsequently, we have now bred 3 whippet litters and enjoy sharing much success including Best in Show with our second breed too.

As a direct result of maintaining our kennel objectives, we are grateful for breeding and/or owning 34 Champions, including multiple Grand Champions and multiple international champions. Many of these special dogs are multiple Best in Show and Runner Up Best in Show winners here in Australia and in Europe. However, all our success aside, reflecting upon our years, we are forever indebted to the breeders worldwide who saw the merit in our dogs and included them in their breeding programs, resulting in Ozrhode dogs appearing in Rhodesian Ridgeback pedigrees throughout the world.

Judging: Unfortunately, between juggling a demanding career as a human research Ethicist and completing a Master's degree in Bioethics, my progression in the judges training scheme was placed on hold. I plan to resume my judges training in 2020.

ANKC championship licensed for Group 4 (Hounds), Open licensed for Group 3 and Group 6.
